Early Residents Of Arrowwood Die At Coast

On April 30, 1966, Frank Edward Pobst passed away in his 90th year. He was the beloved husband of Maude Estelle Pobst (Harshberger) who passed away five days later on May 5, 1966 in her 84th year. Both had resided at 1309 Austin Ave., Coquitlam, B.C., for the last 35 years.

Frank Edward Pobst had spent his last days at home but Mrs. Pobst had spent the last year in a nursing home a few blocks from their home. Prior to moving to the coast they homesteaded in the Majorville and Arrowwood districts, later living in Gleichen.

They were the parents of Mrs. C. L. (Katie) Hallock, Hemet, Calif.; Miss Olive Pobst, Coquitlam; Wilbur W., LaVerne, Calif.; Harry E., Spokane, Wash.; Frank L., Coquitlam; David L., Seattle, Wash.; and Arnold R., Arrowwood, Alta. Also surviving is one brother, Otho, Sacramento, Calif., 19 grandchildren and four great-grandchildren.

Funeral service for Frank E. was held May 3 at 11 a.m. in the Chapel of Burquitlam Mortuary. Pastor J. K. Rodine officiated. Interment was in Burquitlam Cemetery. Gideon Bibles are being placed as a continuing memorial.

So You Want To Lead A Real Live Band!

The photo below really pulls skeletons out of the closet but as it was submitted by George Fath and there were witnesses, it shall be published. Last year George and his wife Jean went pre-stamping at Calgary and attended the rodeo breakfast Saturday, July 10

TAIL-END VIEW

at the Simpson-Sears Shopping Centre at which the Vulcan County Band was entertaining. One number, Tiger Rag, was being led by Peter Pickersgill when from somewhere the tiger tail appeared, much to the amusement of the Faths and several hundred other spectators. The band is negotiating a return engagement in Calgary this year, without the tail.

More immediate work for the band will be its concert during the barbecue of the Chamber of Commerce sponsored "Goodwill Day" June 6.

On Monday, May 30 the annual concert of the County Band will be held at Hazel Cameron Elementary School. Also during the afternoon of May 30 the band will present a concert for students of the elementary school.

This will end the spring series of such programs which have been staged at Blackie, Lomond and Nahton.

BETTER THAN BROOMS. One piece of town equipment which saw action last year and is being used regularly this spring is the street sweeping machine pictured above with town foreman Pete Schuler at the controls. Centre-lane parallel parking is in force each Monday to permit the

machine to clear the heavy curb lane debris, and it is proving a blessing to merchants and townspeople alike. Two types of rotary brushes aided by a stream of water, loosen the dirt and garbage and swirl it up into the innards of the machine, as it travels the streets.

Nine Branches Represented

Legion Ladies Auxiliaries Hold Rally At Ft. Macleod

Eight Ladies Auxiliaries to the Royal Canadian Legion, District 6A, and one Ladies Auxiliary from District 6 gathered in Fort Macleod April 29, for the District Rally which is held once every two years.

Over 100 Auxiliary members were present from Vulcan, Nanton,

Claresholm, Fort Macleod, Cardston, Pincher Creek, Bellevue, Blairmore — all in District 6A and Barons Ladies Auxiliary from District 6. The only Auxiliary not represented from District 6A was the High River Auxiliary. Registration took place at 6 p.m. in the Elks Hall, Fort Macleod, followed by a banquet at 6:30 p.m.

Head table guests included Provincial President Mrs. Grace Towell, Calgary; Provincial 1st Vice-president Mrs. Joy Manuel, Innisfail; Provincial Secretary Mrs. Eileen Faggetter, Calgary; District Commander Mrs. Marian Goddard, Fort Macleod; Acting Chaplain Mrs. Dora Macdonald, Fort Macleod; Fort Macleod Ladies Auxiliary President Mrs. Jean Magowan, Fort Macleod; and Rally Secretary Mrs. Ann Burger, Fort Macleod. The hostess Auxiliary was the Fort Macleod Auxiliary and the Rally was in charge of District Commander Mrs. Marian Goddard and Fort Macleod Auxiliary President Mrs. Jean Magowan.

Following the banquet the meeting opened at 8:00 p.m. with a very impressive ceremony. Special guests Mayor George Buzunis, District Commander Rulon Hirsche and Fort Macleod Branch President John Kennedy spoke a few words to the assembled members.

One of the highlights of the evening meeting was an inspiring address by Provincial President Mrs. Grace Towell. Following the business meeting a social hour was held. The next Rally for District 6A will be held in Pincher Creek in 1968.

"Thank You" From Vulcan Chamber

"Goodwill Day," an experiment in merchant-customer relations, organized by the Vulcan District Chamber of Commerce, will be held Monday, June 6.

A committee made up of President Ken Houlton, Dave Mitchell, Frank Wythe, Pat Roe and Al Dakin in charge of this day presented a schedule of events to 26 members of the Chamber at its May meeting last Wednesday and found general approval of their program.

A Shopper's Day, the alternative to the Goodwill Day, will also be held later in the

year but it was felt by many that a day completely clear of the commercial theme might be appreciated.

In a form of "thank you" from businessmen to customers, the object of this day is to entertain residents of town and the County in a choice of several activities at no cost to the guests.

The only item on the program where a charge was found necessary is in the suppertime barbecue which will cost 50c per plate. A full regular barbecue plate is being offered but this nominal charge is to help defray the cost of the beef.

The golf course and swimming pools will be open free to the public all day with novel one-club golf tourney at 1 p.m.

From 10 a.m. to 12 noon free brunch will be served downtown and in the afternoon, for the less athletically inclined, a lounge area will be set up, an old time gun display by a Mr. Halmrast of Milk River will be on display, and it is hoped to have the Little Bow Pioneer Museum open to visitors.

At 4 p.m. school children will be invited to the Vulcan Theatre for a free show and supper begins at 5 o'clock. During this barbecue a concert will

be presented by the Vulcan County Band and in the evening a free teen dance will be held from 8 to 10 p.m. for youngsters. For others there will be another free show, bingo, a card party and possibly other items of entertainment.

The committee is still interested in enlarging the program and other additions may be included shortly.

Introduced to the Chamber as recent business arrivals to the district were John Koenyeh and Robert Schultz of Vulcan Red Line Farm Equipment and Ken Gillis of Gillis Propane.

Major Burgess To Inspect Army Cadets

The annual inspection and parade of Vulcan Cadet Corps is to be held in the Vulcan Armouries on Thursday, May 19.

Starting at 7:00 p.m. will be the inspection, march past and presentations, followed immediately by a demonstration of skills learned by the cadets during the year. This demonstration will be in the form of a rescue exercise involving First Aid, National Survival and Signals. Weapons and signals equipment which the cadets have trained on will also be on display.

Inspecting officer will be Major M. R. Burgess of The Calgary Highlanders. Also in the inspecting party will be Lieut. G. R. Woodward, cadet training officer from Calgary, Lieut. R. H. Brinton, chief instructor, and S/Sgt. Phillips also of Calgary.

All parents of cadets and Legion members are especially invited to attend as well as any other interested persons.

Old Timers Will Be Back For Lomond 50th

With a little over two months to go the Lomond area is stirring in its preparations for its 50th anniversary celebration June 8, 9 and 10 and several weeks ago over 160 former residents had signified their intentions of returning for the event.

From all over Canada and the U.S. have come invitation replies from the following: Mr. and Mrs. Charlie Stokes, Bill and Sally Jones, Elling Ulfuston, Grandma Ruggles, Mike Stein, Mr. and Mrs. Harry Boyd, Mr. and Mrs. Doug Hardwick, Mr. and Mrs. Henry Silvertson, Mrs. Tom Lindsay, the Curries, Bob McManus, Mr. and Mrs. Owen Dalton, Mr. and Mrs. Ketchmark, Mr. and Mrs. Harry Aseltine, Mrs. Dolly Benson, Mrs. Dunbar, Jack Stannard, Mrs. Annie Marks, Mrs. Elsie Ficht, Mrs. Eva Smith, Mrs. Alta Turley, Mr. and Mrs. Hedges, Mr. and Mrs. Just Moss, L. H. Stack and Mrs. H. Benson.

Although many of Lomond's early settlers have either passed on or moved elsewhere in retirement some of the younger family members will be in attendance. This includes such old time names as the Mannings, Erskines, Odegar, Blys, Durand, LeBlanc, Bills, Burne, Stamp, Brown, Odland, Anderberg, Little, Alexander, McKays, Chapman, Booth, Paul, Ward, Howell and Edenloff.

Rain On Tuesday Again Delays Seeding Work

A week of good weather following the heavy snowstorms in late April allowed some farmers to get on the land towards the end of last week. Rain showers on Saturday again delayed operations but seeding was fairly general on Monday of this week.

Seeding operations were short-lived, however, as Tuesday brought a fairly heavy and general rain that lasted for several hours.

Surface and sub-soil moisture are both now considered to be excellent and the return of warm weather will see seeding in full swing throughout the county.

It costs a lot to have your car overhauled, if a speed-cop does it.

THE COMFORTABLE FEW. With the first drowsy warm rays of sunshine and the soul-stirring breath of spring in the air many forms of life began to emerge from hibernation in the Vulcan area. This has really no bearing on the above scene which occurred one day last week over on the bench in front of the IGA, popularly used in season by Vulcan's senior citizens. Nor should the suggestion of advanced age be inferred to these ladies who are from left Elsie Tompkins, Alice Seales and

CLERICS' CORNER

This week's contributor: Rev. Wellington Dornier
Vulcan United Church

The other day while looking through a bunch of old clippings I came across one entitled "Could You Get In." It struck me as being pertinent and so I take the liberty of quoting it in its entirety.

"Let's suppose that the membership of this church were limited to 100 people. Would you be in or out?"

Or suppose you had to run for church membership as a candidate runs for office. Would you win or lose?"

And suppose this membership was good for one year only, and that re-election depended upon the good you had done in the church during that time. Would you be re-elected or not?"

Suppose there was a long list of others waiting to get in. Would you be more alive to your duties as a Christian?

If you were called on to explain just why this church should keep your name on the roll, have you a record of helpful service to offer in your defence?

Suppose every member of the church did as much for the church as you are doing. Would more seats be needed or would the doors be shut and nailed?

A Candidate makes certain promises and takes a definite stand on the question of the hour so that people may know what to expect of him. After the election he must carry them out. Yet once in a while church members seem to think that Christian experience ends the minute their names are on the churchroll. If they were of as little value to their employers as they are to the church they would be dismissed in a week. Joining the church does not justify our sitting back and taking things easy. It is time to buckle down to work, to put our shoulders to the wheel and push."

Bread When Cast

Most Canadians who contribute to a subscription to relieve a disaster probably expect to hear no more of the matter once the money is spent. That, The Financial Post says in an editorial, certainly was the expectation of the thousands of individuals and business concerns across Canada who contributed to the relief fund after the disastrous Manitoba floods of 1950. But, in this case, the fund is still very much alive and helping disaster victims elsewhere. After all reasonable claims for help had been met, it was found that \$1.5 million of people's generosity remained in the kitty. Therefore, in 1953, grateful Manitobans set up the Canadian Disaster relief fund, with Harry W. Manning, insurance executive, as president. Since then it has helped out wherever disasters are judged to be "beyond the reasonable capacity of the area" to meet.

This month, as Cecil Lamont, Winnipeg grain man, takes over its presidency, there is still roughly \$1.5 million in the fund. Part of this comes from new subscriptions and part from accrued interest.

Charity that asks for a strict accounting can hardly be counted as charity at all, says The Post. But the imaginative and thoughtful management of the Manitoba money will encourage many people about the sometimes dubious business of giving and getting.

LETTER TO EDITOR

Editor, The Advocate

Sir,
May I use your columns to make a Centennial project suggestion to residents of this county.

After watching the section of this Hour Has Seven Days devoted to old folks homes, the idea occurred to me that the county could donate, connect, wire etc. a large unused school and place it adjacent to the Peter Dawson Lodge for use as a hobby centre.

There are more than enough organizations who could equip a section, for example the Lions could undertake a woodworking shop, the Kinsmen could handle a gardening potting shed part, the Elks could take on cupboards and benches for storage and work, the women's groups could equip a sewing room, and a kitchen for recreational use by the many excellent cooks who are now forcibly redundant. The opportunities are only limited when the imagination runs out.

It is a well known fact that busy people are happy people, young or old, and that enforced idleness is soul destroying.

If only the county council and the organized groups in this area would seriously consider and implement this idea, it might well surprise all of us how much happiness was created and what results would be produced in the hobby area.

This would rectify what seems to be the only glaring need in an otherwise excellent home.

I am
Yours truly,
Vulcan Resident

Nielson-Boyd Wedding Held In Calgary

The LDS Church on Parkway Drive, Calgary was the scene of a lovely winter wedding on February 12 at 2 p.m. when Velda Grace, daughter of Mr. and Mrs. Frank Boyd of Lomond, was united in marriage to Ronald James, only son of Mr. and Mrs. Arvin Nielson of Glenwood, Alberta. Bishop Kenneth Dolan of Calgary performed the double ring ceremony.

The bride entered the church on the arm of her father to the strains of the Wedding March. She wore the traditional long white gown of nylon sheer chiffon over taffeta, featuring an empire waist line, accented by a full train. The

bridal headdress was of white tulle decorated with wedding bells, orchids with a shoulder length veil etc. The head table was decorated by a lovely four-tiered wedding cake. Mrs. Verna Sands of Vancouver, sister of the bride was in charge of the guest book.

During the reception Mrs. Gordon Boyd and her two children, Owen and Patsy sang The Hawaiian Wedding Song, accompanied by Alyce Bartch, and later Mrs. Boyd and Patsy sang The Blue Bird of Happiness. Rex Woods of Glenwood was master of ceremonies and Dick Rittenhouse gave a fitting toast to the bride, to which the groom replied. Kenneth Bunnage gave the toast to the bridesmaids.

For her honeymoon trip, the bride chose a two-piece white knitted suit, and wore a white fox fur stole. Her corsage was of pink roses. The happy couple reside at suite 403, 920 16th Ave. S.W. Calgary.

Kenneth Bunnage attended the groom as best man. The guests were ushered to their pews by Wayne Shepherd and Roland McPherson of Calgary. Little Bobby Boyd, nephew of the bride, acted as ring bearer.

Mrs. Alyce Bartch of Maporville was organist for the occasion. During the signing of the register, Mrs. Gordon Boyd of Queenstown, sister-in-law of the bride, sang I'll Walk Beside You.

For her daughter's wedding Mrs. Boyd chose a pink brocade dress with black accessories and a corsage of pink carnations. The groom's mother wore a flowered afternoon dress and had a pink corsage for the occasion.

The reception for about 70 people was held at the recreation room at the LDS church, which

Berrywater FWUA Holds May Meet

Mrs. Margaret Richardson was hostess for a very well attended meeting of the Berrywater FWUA. It was held the afternoon of May 22 with 20 members in attendance.

Singing of the FWUA song opened the meeting and roll call was answered with My Mother's Favorite Saying. As a few more Nabob coupons were turned in a discussion followed on what to do with them. Thank you letters were read from head office for a donation to the air pollution fund and from the UGG in appreciation of catering for their dinner.

Mrs. Muriel Smith, in charge of the sale of FWUA cook books for the local, reported that they are selling well. Anyone wishing a copy may purchase one at Bassett's Jewellery.

Due to the next meeting falling on the same date as the District 12 convention the meeting will be held a week earlier, on May 30, at the home of Mrs. Marjorie Love. Delegates were chosen to attend the convention in Vulcan. All members are urged to attend and make a good showing as it is close to home this year.

Mrs. Ruth Smith and Mrs. Bertie Oldfield are to contact young people of the district available to attend Jr. Farm Week in Edmonton, June 22-29. Mrs. Helma Sharp and Mrs. Jeannette Sinclair reported that they had not contacted young people available to attend Citizenship camp in August at Goldeye Lake but volunteered to also inquire for those available to also attend Teen Camp in July.

Members are requested to bring pictures of themselves to the next meeting. The social convener, Mrs. Doris McLean, plans to fix an interesting birthday card to send to Donka in India. Mrs. Helma Sharp gave an interesting paper on agriculture. A presentation of a planter was made to Mrs. Chloe Marshall for her new home. The tea draw was won by Edna Gerding and the afternoon concluded with Rose Stein leading two interesting contests. Lunch followed.

REPORT FROM EDMONTON

By J. Wally Strang

Just released this week was the provincial government's April list of statistics for the province... and because over 90 per cent of the people will never hear about the contents... let's take an inside look into what's happening in Alberta.

Did you know that for the four weeks ending February 26, 1966 only 1.3 million pounds of butterfat were received in Alberta Creameries, a decrease of 9.8 per cent below 1965, and for the first two months of this year the total was actually down 11.6 per cent.

While the dairy industry got off to a bad start in 1966, we shouldn't fret because the number of laying hens totaled 2.7 million or an increase of 3.5 per cent over 1965... and if you wonder why the price of eggs didn't increase it was because production was also up to 14.3 per bird compared to 13.6 last year.

Just in case you thought your farm income was down slightly this year during the first two months... don't be surprised a bit... it was. Figures show that farm income from dairy supplies dropped \$107 despite the fact that sales showed a substantial increase of almost one thousand pounds. But leave it to the chickens to pull us through... because the average poultry farm income jumped \$500 during the first two months of the year. Also taking a nose dive during the first two months of the year was the hog industry which showed a drop of 17 thousand less than last year.

In other words... if you are looking for a farm and you want to make some money... the trend is to the poultry business. Other interesting highlights show the number of new car sales up 7 per cent over last year... and the number of visitors to Banff during the first three months totaled 234,488 or an increase of 23.4 per cent over last year, but Jasper showed an increase of 27.3 per cent although only 19,764 visited the area.

The meeting was brought to a close with a delicious lunch served by Mrs. O. Hess, Mrs. N. Johnson and Mrs. G. Graham.

There will be no guest speaker for the June meeting as the convention reports will be given.

From The Legislature

(By Ray Speaker, M.L.A.)

by Ray Speaker, M.L.A.
The Alberta Seminar for Youth at Calgary last weekend activated 200 of the Youth from Southern Alberta, both mentally and physically in discussion and social interaction.

Thursday night, after registration, was highlighted by a social evening, a hootenany led by Bill Dymianiw of Edmonton. The young people enjoyed this initial party and showed their appreciation by a standing ovation for the leader.

Friday, May 6 saw the Youth turn their attention to dealing with the matters of concern to them. Dr. B. Y. Card, associate professor of sociology, U of A with Michelle Lefebvre, Marie Smallface, Peter Osrefshko and Victor Marshall by means of a round table discussion discussed our Canadian social scene.

Their inspiring discussion motivated the 17-20 year olds to continue this discussion in the 18 discussion groups. Some conclusions derived were:

a. Primary loyalties were to local communities.

b. Canada's culture should follow a mosaic pattern.

c. Education should be on a broad scale not merely formal education.

d. Racial inequality is undesirable. But inequalities among individuals is desirable because it should act as a stimulus to become an equal or to better oneself.

e. The common denominator is one language, which groups felt should be English because "it is most practical."

In the afternoon Dr. David Smith discussed economic trends in Canada. The discussion groups again came up with certain observations on the rural to urban movement and American investment as a 'silent invasion.'

Also political trends were examined such as: (a) Local, provincial, federal responsibilities; (b) Quebec's influence; (c) Movement toward greater government controls; (d) Senate's role.

One of the significant remarks made by the group participants was their feeling of inadequacy in

discussing in a knowledgeable and informed manner the workings of politics because of their lack of direct involvement in practices of government. Also school social studies did not provide them with an adequate background.

Friday's activities ended with a banquet at which Hon. R. H. McKinnon, Minister of Education as guest speaker spoke on "You and Canada's Second Century." Following this the Edmonton male chorus U of A sang and the evening closed with a dance.

Saturday was highlighted by the discussion on the Canadian moral structure. Dr. Charles Hobart, Professor of sociology, U of A, Edmonton, Nola Breitkreutz and Don Hamilton took positions to point out the various attitudes towards morals today then left the question to the groups.

The youth expressed their cognizance of:

a. A definite conflict of ethics, values, and morals.

b. Values being a personal thing which directly influence our sexual behavior.

c. Education is a big factor in improving knowledge of sex among families and youth. Some felt the education should be in the home and others in school. Families seem to have fallen down in this area of sex knowledge.

d. Taking a position on pre-marital sex.

e. Mass media and morals.

The matter of morals received a most sincere and honest approach. The young people showed their concern and wanted to come up with the answer. It was evident that they began to realize their own personal responsibility.

The conference was most successful. It stimulated thought, allowed youth to communicate with their own age level, ones above and most important of all gave these young people a clear picture of the responsibilities and place in society, particularly Alberta, they could fulfil if they so desired to take up the challenge.

A complete summary of this seminar has been prepared and can be obtained on request.

Another Herbicide For Buckwheat Control

A 1:1 mixture of low volatile esters of 2,4-D and 2,4-DP (dichloroprop) is now available in Alberta for the control of such broad-leaved weeds as wild and tartary buckwheat, cow cockle and smartweed. It is being sold under the trade name of, Estaprop.

A combination of 2,4-D and 2,4-DP kills a wider spectrum of annual broad-leaved weed species than either chemical can do alone. Low volatile 2,4-D esters kill mustards, stinkweed, ragweeds, Kochia and some pigweeds but only depresses the growth of buckwheats. 2,4-DP on the other hand, kills buckwheats and smartweed effectively.

"Estaprop" is registered for use on wheat and barley crops from the 4-leaf to the early shot-blade stage. Rates of from 12 to 16 ounces of mixed acid per acre are suggested. The lower rate, is recommended for weeds which are young and actively growing. The higher rate is intended for those in a more advanced stage of growth, and for heavily infested fields.

A conventional low-volume field sprayer can be used to apply "Estaprop". The cost of the herbicide, at the 12-ounce rate of application, is expected to be about \$1.00 per acre.

This year farmers will have a choice of herbicides for selective control of "hard-to-kill" broad-leaved annual weeds. "Estaprop" is one of several recommended for the control of buckwheats, smartweeds and a number of other weeds which are not very satisfactorily affected by 2,4-D alone.

We are presently making plans to demonstrate several of the

Venereal Disease Is Still a World Problem

Although penicillin and other antibiotics are an effective, speedy cure for most cases of syphilis and gonorrhea, these diseases are increasing. Promiscuous exposure, by personal contact with infected people is spreading venereal disease. If treatment is not early, one's health can be permanently injured.

We urge every parent and teenager to send a 5c stamp to the American Medical Association, Chicago, Illinois, for a copy of their Venereal Disease pamphlet. The information in it can prevent much mental anguish and poor health.
